

The Watercress Company and Alresford Salads meet and greet Tesco customers

TWC and Alresford Salads teamed up to promote watercress and to meet Tesco customers at the Winchester store on Sunday 5th September. Lots of information was on hand to demonstrate to customers how the crop is grown and they were able to meet 24/7 green blooded food hero Tim Jesty and Helen Hargreaves from Alresford Salads. This follows on from another successful visit to the Dorchester store on 25th July. TWC and Alresford Salads regularly visit stores throughout the year to promote watercress.
